Quick Cold Relief

Is usually found through the prompt administration of a mildly laxative, dispersive tonic—one that will scatter the inflammation, remove the waste, and help Nature to build up resistance.

Peruna is That Tonic.

Its action is prompt, usually very effective, and its use is without harmful effects. Every household should keep it at hand for this purpose, and every catarrhal sufferer should regularly use this reliable remedy.

The tablet form will be found very convenient. A tablet or two at the very beginning of a cold will frequently prevent its development, and these tablets may be taken regularly with beneficial results.

Ask For \$15,000 Cattle Barn

Resolutions have been presented to the General Assembly by the Missouri Live stock Producers' Association asking that the body appropriate \$15,000 for a beef cattle barn for the department of animal husbandry of the College of Agriculture of the University of Missouri. They also want an appropriation of \$10,000 to be used "solely for investigation concerning the live stock business, and for the dissemination of the information thus secured to the farmers of Missouri." Resolutions were also adopted favoring a food stuffs law, a stallion law, and a law protecting live stock and poultry producers.

Sermon In Brief

The subject of the sermon at the Baptist Church Sunday morning was Dorcas. The text was Acts 9:36 "Full Of Good Deeds."

Glory is always given to the Father for our good works, because even the world knows those good works are prompted by a power of the spirit in the heart.

We see the cars moving and know some hidden power is the cause.

All movings are not of God. Satan has his power too. His principal machine is the tongue. The tongue is an unruled evil. When under the control of God the tongue is a great servant. But when run by the dinamos of hell it puts a whole city and community into uproar. Such a tongue never adheres to facts; it augments the truth until what little truth is left is so torn that it is hardly to be recognized. The tattler does not realize the fact that he is the greatest of sinners. Then the speaker told of two Irish men hunting. One carried the gun and one was to carry the game. Both new in this country neither knew what to shoot. Eventually they came to a red headed bird on a dead tree and decided to shoot it. Just as the gunman was going to shoot the wood chuck struck the tree in rapid succession. The other Irishman ran up and said Pat, save the ammunition he's pounding his own brains out. But Dorcas had nothing to gossip. She had no time to stir up the church. Her tongue was in her mouth the same as that of others, but it was run by a different power. It spoke kindness. It said things to settle troubles. God is not a God of confusion. His people's tongues do not set on fire the fires of Hell. "Blessed are the Peacemakers for they shall be called the children of God." No other can be a child of God.

You may by a kind look or a

smile soothe the aching heart. How many today are crying hypocrite at the church and they are really robbers of God themselves. I thank God for the Christ like spirit which is abundant in our church.

Some good men and women in Keytesville are ever alert to make the world better, and ever ready to help the cause of Christ.

Should our dear Bro. Chapman for whom we so earnestly pray hear the call of God, "It is enough, come up higher."

Every Baptist in Chariton and Randolph county would come running together with this alms-deeds. Every man and woman in Mt. Pleasant Association would weep, Wm. Jewel College would mourn one of her time tried friends, and the General Association of this grand old State would wrap herself in the crepe of sadness. Our actions are directions from our own hearts, pointing out the path to others. Don't look for the evil in another's life, so much as that in your own, for while one man leads, by his life, some one to the Savior, another, by his life leads some the other way.

Got Something

You

Want to Sell?

Most people have a piece of furniture, a farm implement, or something else which they have discarded and which they no longer want.

These things are put in the attic, or stored away in the barn, or left lying about, getting of less and less value each year.

WHY NOT SELL THEM?

Somebody wants those very things which have become of no use to you. Why not try to find that somebody by putting a want advertisement in

Mr. and Mrs. Jim Robertson of near Mike were in town Sunday, the guests of Mr. and Mrs. J. K. Robertson.

Did you ever see paternal pride fairly exude. Well, just let a father bring his boy to a trapshooting club and start him at the sport and when the lad begins to "hit 'em in the nose," as the saying goes, papa is there with the pride.

One boy wonder is W. E. Phillips, Jr., of Chicago. He is not a new shooter by any means, though he is but 15 years old. His father a winner of The Grand American Handicap, took him in hand early and he made the grade to a point where he entered the G. A. H. last August and gave a very good account of himself.

On the 17th of last June, at a registered shoot of the Metropolitan Gun Club of Chicago, Master Phillips tied the high amateur score, 138x150, with Charles Burmeister, the Illinois State champion and in the shoot-off beat the latter, the young man breaking 25 straight, while the State champion dropped one. Master Phillips intends to enter the Grand American Handicap next August and who knows but what he will emulate the achievement of his illustrious dad?

Mr. Phillips coached his son wisely and well, both as to form and deportment. Undoubtedly his coolness came naturally, but whether natural or acquired it is bound to stand him in good stead in years to come.
